Comfort Max

Model #75

High Efficiency

Where Tradition, Craftsmanship, and Quality Come First

The Stove Designed For Your Living Room

The Comfort Max is a perfect blend of style, efficiency and flexibility. It is designed to look like a piece of furniture and provides a large view of the fire. It burns anthracite with low emissions. Controlled by the DS Regulator, the reburn system, and heat exchanger make this unit 92% efficient.

FEATURES

- Burns Anthracite
- DS Hot Air Draft Regulator
- Reburn System
- Large Glass View w/ Airwash
- Airtight Cast Iron Doors
- Heat Exchanger To Maximize Efficiency
- Superior Cast Iron Shaker Grates
- Minimal Dust
- Optional Blower
- Constructed From Heavy Plate Steel
- Manufactured In Lancaster County, PA

THE DS HOT AIR CIRCULATOR SYSTEM

Vertical tubes in the firebox increase the heating surface area by approximately 50%. Heat rises inside the tubes, drawing cooler air from the floor. This convection process produces circulation with no need for electrical blowers or fans, meaning even heat throughout your home.

Exhaust Route Represents 92% Efficiency
