

DS Gear Racks

MANUFACTURED IN PENNSYLVANIA BY FIREFIGHTERS, FOR FIREFIGHTERS.

Where Tradition, Craftsmanship and Quality Come First

Gear Racks

DS-SOLID WM

DS has been designing and manufacturing Gear Racks since 2005. Our racks can be custom designed to fit your needs. Call with your space size and ideas. Our in-house design team will work with you to maximize your space.

FEATURES:

- Hanger designed for quick release and superior drying.
- Heavy-duty 1" X 1" X 16" gauge steel tubing.
- Powder coated metal racks in 22" sections or custom sizes and a wide range of colors.
- Wall mount or free standing with or without casters.
- Designed and manufactured by PA volunteer firefighters.
- Also available as K-D units for DIY assembly and installation.
- Racks shown to the right are designed to be knocked down for easy shipping and for moving. Resulting in cost savings on shipping.
