# Gas Furnace

Model #GF74

## Simple & Reliable

Where Tradition, Craftsmanship, and Quality Come First

# Reliable Comfort, Effortless Performance

Engineered to deliver powerful warmth to your home or workspace, the GF74 is your dependable heating solution. With simple controls and zero need for electricity, it's ready to perform even when the power's out.

A precision-engineered multi-level baffle system pushes the limits of efficiency in a non-condensing gas unit, maximizing every bit of heat output. With the 12" duct outlet, you can easily channel the warmth right where you need it.

Whether you're braving winter in a shop or staying cozy at home, this furnace is built to keep you comfortable with clean, consistent heat.
